D.Z. Akin's

Who is D.Z. Akin's?

We are often asked "Who is D.Z. Akin's?" and "How did you start in the delicatessen business?"

D.Z. stands for the two of us, Debi and Zvika Akin. Having lived in Los Angeles, we frequented many good delicatessens and knew that San Diego was in need of one. Considering how we both enjoyed cooking, and how even our first date revolved around a bowl of chopped liver, we decided to pack our bags, move to San Diego and take a stab at cooking for starved delicatessen lovers.

With only a small budget, good old-fashioned recipes, the courage to experiment, hard work and long hours, "D.Z. Akin's" came to be. We made a commitment to ourselves that we would never compromise on quality and we would fill your plates high with the finest delicatessen available. Not having any previous experience, we had an entire craft to learn and many obstacles to overcome; but with the help of wonderful customers and perseverance, we became, beyond our greatest expectations, a thriving business. Thank you, our steady customers, for your patronage and many compliments; and to our new customers, we say "Welcome!" In the future, we will continue to serve you in the manner of unsurpassed quality and excellence you have to come to expect from "D.Z. Akin's."
